- a. Facilitate **Site Inspections** on your preferred event venues
- b. **Facilitate events execution** from pre to post events

# Sustainable Sentosa

# Sentosa, Global Sustainable Tourism Council – For Destinations (GSTC-D) Certified

Sentosa is the first island destination in Asia, together with RWS, to be certified as a sustainable tourism destination.

## Key Initiatives Supporting GSTC-Destination Criteria

### Sustainable Management

- Launch of **Sentosa Carbon Neutral Network (SCNN)** as a collective public-private effort for sharing of resources and expertise
- **Sustainability reporting** for Sentosa Development Corporation

### Cultural Sustainability

- **Careful management of pre-war buildings and artefacts**, including the gazetting of Fort Siloso
- Development of **SentoSights, Sentosa's signature, sustainability-themed tours** to immerse guests in its nature and heritage

### Socio-Economic Sustainability

- Sentosa X Enterprise scheme to encourage **local entrepreneurship and innovation**
- Advocating **local food sourcing**

### Environmental Sustainability

- Island wide **carbon profiling and decarbonisation roadmap**
- Wildlife and nature area **protection programmes**
- **Large scale deployment of photovoltaic cells** in Sentosa Development Corporation and Resorts World Sentosa sites to harness solar energy

# Sentosa Carbon Neutral Network (SCNN) Members

# 1. Local and Sustainable Food Sourcing

- Singapore Food Agency (SFA) launched **Farm-To-Table (FTT) Recognition Programme** on 27 March 2023, aimed to raise procurement of **locally farmed produce** of food businesses in the Hotels, Restaurants and Caterings sector over long term.
- FTT Recognition Programme is a tiered award system that recognized HoReCa businesses that procured at least 15% of locally farmed produce in any of the four food categories – hen shell eggs, leafy vegetables, beansprouts, fish.

**Base Tier:** Uses at least 15% of local produce in one food category.

**Mid Tier:** Uses at least 15% of local produce in two food categories.

**Highest Tier:** Uses at least 15% of local produce in three or more food categories.

## 2. World Wide Fund (WWF)-SG Disposable Playbook

- Sentosa collaborated with WWF for Nature Singapore to publish [Sentosa Playbook for Reducing Disposables](#) to guide SCNN members and IPs on tackling disposables.
- Outline **16 measures**, grouped in 7 categories **to reduce disposables** from takeaway bags, food containers to amenity kits across hotels, attractions and F&B operators.
- SCNN members are implementing the following **by 2023**:
  - **no single-use plastic bottled water** in dine-in, takeaway or events setting
  - at least **one measure per category**

# Sentosa's Decarbonisation Initiatives

# Decarbonisation

- Terrestrial solar
  - First tender launched on 15 June 2022
  - Together with Resorts World Sentosa (RWS)' installation: 3.9GWh of clean energy across 18 sites, equivalent to 16,000 hotel room nights per year
- Novel solar
  - Exploring other innovative solar applications including Building Integrated Photovoltaics (BIPV) and ornamental solar
  - Issued Sustainable Open Innovation Challenge statement for Sentosa use cases, e.g. Siloso Skywalk and façade

# Decarbonisation

- Green transport
  - Cable car, Sentosa Express and beach trams are already fully-electric
  - Electrified 1 of 3 bus service lines
  - More EV charging points on Sentosa
- Tidal energy
  - Ongoing discussions to pilot tidal turbine on Sentosa Broadwalk with Bluenergy, identified through challenge statement issued by SDC together with Enterprise SG

# Explorers of Thomas Dambo – Launched Dec'22

- Debuting in Southeast Asia, internationally renowned recycling artist brings his purposeful and evocative art to four secret locations in Sentosa's Palawan Beach
- The hidden family of giants are part of an interactive experience and can be found through a digital map
- The artist used a variety of recycled materials such as discarded wooden pallets and old floorboards in the construction process
- The giants possess their own personalities and unique stories, with a message to tell – we all have the right to a clean Earth

**THANK YOU**
